

## No More Gloves

### Product Features

- Rubs easily into hands for dry working application
- Protective membrane forms in 30 seconds
- Works for up to 5 hours

Dry working application. Rinse and go.  
Protects working hands from dirt

With 4 in 1 hand protection this innovative product is a great alternative to gloves, industrial hand cleaners, anti-bacterial creams and moisturisers. Protecting and replenishing working hands in the toughest environments.

Once applied No More Gloves is virtually undetectable, allowing you to tackle intricate jobs with ease and confidence. More cost effective than gloves and cleaning agents.
