Termatech Stoves from Specflue

Our range of Termatech stoves are manufactured in Denmark and are used by some of the best stove engineers in the world.

Our full range of Termatech stoves can be viewed at www.termatech.co.uk

Specflue impose the following terms of trade for the supply of Termatech stoves:

- We will ONLY supply to bona fide retail showrooms
- Our product WILL NOT be devalued online and the supply will be removed immediately from anyone found to do so
- All stocked products will be delivered FREE anywhere within the UK mainland (Highlands and Islands may vary) on a two working day lead time
- If in stock we will offer FREE next day delivery on spare parts
- We will always show loyalty to those loyal to Specflue

We feel this is a fair, honest and open policy and allows all retailers to compete fairly with each other.
