

Wood Burning Stoves from Specflue

Add a new centrepiece to your home with a wood burning stove. Whether you choose the Tiverton, Stirling, or Framlingham, we guarantee you'll love your home's new addition, as it crackles and glows, filling your room with warmth.

Extra-large windows give the perfect view of your fire burning, as it throws out heat to warm even the coldest of rooms, while the stove's stylish design ensures it'll be a welcome addition to any space.

And our range of stoves won't just keep you warm – they'll also drive down your ever-rising heating bills, all while being Defra Approved.

Why not contact the showroom and order your wood burning stove today?

Castle Stoves

Quality products, exceptional service.

Stoves combining style & substance

Tiverton

60TIV

Stirling

60STIR

Framlingham

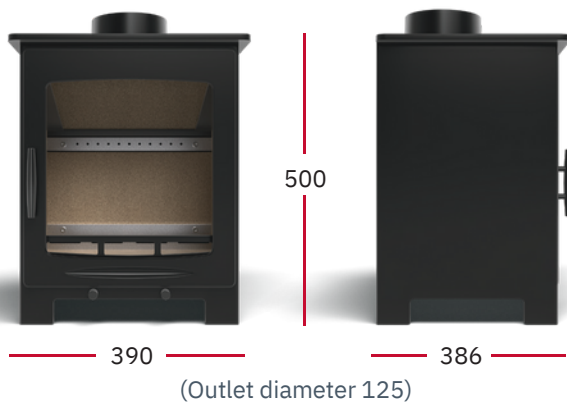

60FRAM

Our smallest wood burning stove still provides exceptional heat while retaining the beautiful style and large viewing window our customers love. It's also our most efficient model – perfect for anyone trying to drive down heating costs.

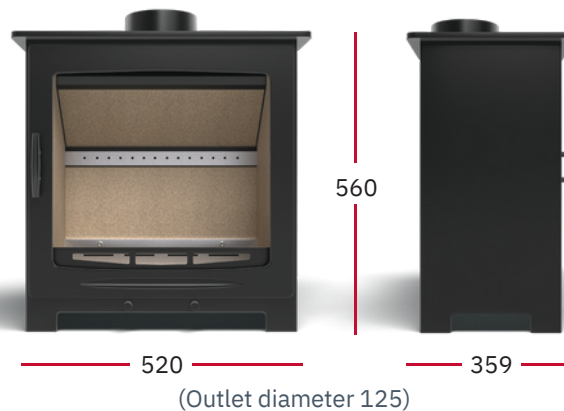

A large wood burner with an oversized window, the Stirling offers a step up from the Tiverton without sacrificing any of the looks. It's perfect for most room sizes and exceptionally popular with our customers.

Our most powerful wood burner will warm even the largest spaces while still offering the looks our stoves are known for. It's the perfect choice for anyone looking to combine style with substance.

*The Tiverton, Stirling, and Framlingham stoves come with a standard 12-month warranty covering safety, performance, and construction. This can be extended by an additional 5 years, provided the stove is installed by a qualified, competent, approved installer or appropriately certified by local building control, and the product is registered within one month of purchase. A further extension of 10 years is available if the stove is installed with a Schiedel flue system (flue must be registered separately with Schiedel).
