

WOODBURNING STOVES According to the Regulation No 305/2011		Gainsborough Range: Gilcar & Devonshire Models	
1. Product type unique identification code	Fireplace Stove For Wood - Requirements and test methods pursuant to EN13240:2002/A2:2005		
2. Product name	Gilcar & Devonshire		
3. Intended use or uses of the construction products in according to the technical specification	Room heater burning wood without water heating		
4. Manufactured and Distributed by	Specflue Ltd, 8 Curzon Road, Chilton Industrial Estate, Sudbury, Suffolk, CO10 2XW www.specflue.com / sales@specflue.com		
5. The systems or systems for the assessment and verification of constancy of construction product performance as set out in annex V	System 3		
6. Notified body relevant to the assessment and verification of performance	Strojirensky Zkusebni Ustav S.P. Notified No NB1015		
7. Declaration of Performance Harmonised technical specification Emissions tested to EN16510 @ Nom output and 13% O2	Gilcar	Devonshire	
	EN13240:2002/A2:2005		
	CO%	0.07	0.08
	Flue gas flow rate	4.7	5
Nox (mg/Nm3) OGD	132	127	
(mg/Nm3)	90	37	
Dust	36	31	
8. Fire Safety Reaction to fire Test of fire safety in connection with burning of wood Distance to combustibles	Gilcar	Devonshire	
	Reaction to fire: A		
	Test of fire safety: Pass		
	Rear (mm)	100	100
	Sides (mm)	200	275
Front (mm)	400	400	
9. Safety Mechanical strength to support a chimney Electrical Surface temperature Cleanability	Mechanical strength: Not tested Electrical: NPD Surface temperature: Pass Cleanability: Pass		
10. Thermal output Nominal Heat Output Energy Efficiency Flue gas temperature Water heating	Gilcar	Devonshire	
	Nominal Heat Output: 4.5 kW		
	Energy Efficiency: 80.7%		
	Flue gas temperature: 243 deg C		
	Water heating: N/A		

Construction Products Regulation 2011 (retained EU Law 305/2011) as amended.
