

Ash Vacuum

FIR260

Cleaning the ashes from your fire is made easy with the Valiant compact fireplace vacuum cleaner. It boasts low weight yet versatile and heavy duty capability for cleaning up stoves, bbq's and fireplaces of ash and debris with its high vacuum rating and economical motor. Use the Ash vac to suck up warm ash or cold ashes to help in the maintenance tasks, and saving the household vacuum from damage and dirt. In addition the vac can be used as a blower – simply fit the hose to the port on the top instead of the side. The extra-long mains lead and flexible hose make cleaning up a breeze.

- Save the household vacuum cleaner – use the Ash Vacuum
- Safe, economical, lightweight and voluminous
- Long hoses for easy access
- Durable, hardworking and functional
- 12 month guarantee & full instructions included
- Strong steel base with polypropylene lid and motor housing
- Tough and hardwearing satin black powder coat finish
